SIA Approved Contractor

Members of staff

Welcome to the September 2011 edition of the All Security newsletter. We are delighted to announce that we have been successful in retaining our BSI Accredited Company status and also our SIA approved contractor status. This is verification from the BSI Management Systems that our company, during a visit by BSI auditors complied with the requirements Of ISO 9001:2008 For the following scope BS 7499, BS7984 and BS7858. This covers us for static guarding, mobile patrols and key holding services.

Management will like to take the opportunity to thank staff for their effort in maintaining the standards required achieving these accreditations. Furthermore we will re iterate that staff are the first point of contact for most of our customers so it is highly essential that we maintain a level of appearance that reflects the service we provide. Clean uniforms enhanced by the official ALL Security tie and Badge and Visible All Security identity card supported by the SIA licence card which must be displayed at all times.

Management will also like to thank all our staff for the effort put in to getting to their postings on the 8th of August the dreadful day of the London riots. Special commendation to Gavin Schilling and John Henderson for pulling out all the stops to get to their isolated sites.

Staff are encouraged to apply for their licence renewal as soon as you receive notification from the SIA. Please do not leave it late or until your current licence expires,

Marilyn Phillips say's big thank you to all staff for achieving almost 100% attendance during the recent London riots. Your dedication to duty is much appreciated. .

News from Human Resources

As we come to the last quarter of the year I remind staff to make sure you book your holidays within the current holiday year that ends in December. Staff are reminded that when applying for annual leave you must submit a request a minimum of 28 days prior to the date you wish to commence your leave. If you submit a request without giving the appropriate amount of notice then the request may be refused.

It is your responsibility to make sure that once the form is submitted you follow up with a call to Control to find out if the request has been approved. Do not just assume that if you have submitted a form it will be automatically be approved and you can take the annual leave.
