BSi ISO 9001: 2000 ACCREDITATION

Members of staff

We at All Security are delighted to announce the recent notification that our company has earned BSI Accredited Company status! This is verification from the BSI Management Systems that our company, during a visit by BSI auditors on October 26th 2007, we complied with the requirements of ISO 9001:2000 for the following scope BS 7499, BS7984 and BS7858. This covers us for static guarding, mobile patrols and key holding services.

Management will like to acknowledge the contribution of all Staff during the process of attaining these standards, now that we have achieved the standards we need to focus our efforts on maintaining them, this means that we need to adhere to the quality management processes that have enabled us to achieve the standard. Further more our processes are continually evaluated by the BSI to make sure we maintain and reflect current best practice in the industry.

We are currently in the process of registering and acquiring the standards to include the company on the SIA approved Contractor's scheme, we are hoping that by mid April 2008 we would have achieved the necessary standard; your continued co operation is greatly appreciated.

Marilyn Phillips say's having achieved ISO 9001: 2000 we now have an excellent opportunity for the business to progress and become an Approved Contractor

Company News

*SIA Standards for
Screening have changed.*

ALL SECURITY LIMITED is proud to celebrate 40 years of operations in 2008. From our founding in 1968 based in our offices in carshalton, Surrey, we have grown into one of Surrey's most established and successful security companies.

We are proud of what we have achieved in our 40 years, of operations undertaking contracts in Surrey and London for government, local council and several blue chip companies. With Marilyn Phillips at the helm we look forward to further growth and acquisition of more contracts.
